Docket #98N-1038

Food and Drug Administration
Docket Management Branch
5630 Fisher's Lane
Room 1061
Rockville, Maryland 20852

I am very concerned about the proposal to relax the requirement to label food that has been irradiated.

All food that has been exposed to radiation should be clearly and plainly marked; consumers have a right to this information.

The Food and Drug Administration is in a position of public trust. Please do not betray that trust.

Sincerely,

Dennis Tete
